Five-Year Build-Out Plan For Tidewater Telecom, Inc.

Tidewater Telecom, Inc. (the "Company") is a rate-of-return carrier ETC and hereby submits its five-year build-out plan for the years 2017 through 2021.

The Company serves the following exchanges in midcoast Maine which have a combined population of approximately 14,000 people:

Bremen	
Damariscotta	
New Harbor	
Sheepscot	
South Bristol	
Union	

High cost support will enable the Company to maintain and improve its voice and broadband network serving the entire population of each of the above exchanges. The Company plans to upgrade its network continually throughout the 2017 through 2021 period, primarily in two ways:

- Upgrading of (primarily transmission) central office equipment.
- · Deployment of fiber optic cable to the customer premise.

The Company will use all of its high cost support for the maintenance and improvement of its network as described above. The network will be appropriately maintained on an continual basis. The upgrading of central office equipment and deployment of fiber optic cable to the customer premise will proceed consistent with prudent financial management of the Company's funding and resources. Network improvements will provide availability of increased broadband speeds and capability throughout the Company's service area.

The Company received \$822,184 in universal service support in 2015. Of this amount, \$319,879 was used to improve service quality through construction of fiber optic cable, \$158,283 was used to improve service quality through upgrading digital equipment, and \$344,022 was used to maintain improved service quality through operating expenses. The Company attained its goal of upgrading its network to provide increased broadband speeds and capabilities consistent with prudent financial management.
